PROFILE

Creative and detail-oriented Frontend Developer with hands-on experience in building responsive and user-friendly websites using HTML, CSS, JavaScript, and modern frameworks. Proficient in translating UI/UX designs into high-quality code and optimizing performance for seamless user experiences. Passionate about clean code, mobile-first design, and continuous learning to stay updated with the latest web technologies

----

PROJECT

Company Website (probidz.in)
- Developed a static company website using HTML, CSS, and JavaScript.
- Designed homepage, services, about, and contact sections with responsive layout.
- Implemented smooth scrolling, basic animations, and a working contact form.

Transforming Finger Movements Into Written Words
- Implemented a smart fan control algorithm leveraging Arduino's capabilities to dynamically adjust fan speeds in response to environmental changes, providing automated and responsive cooling solutions for diverse applications.

Battery Management System in E Vehicle
- Collected and maintained real-time data of battery parameters such as voltage, current, and temperature.
- Organized data logs for analysis and performance reporting using MS Excel.
- Ensured accuracy in data tracking and improved system reliability through structured documentation.

INTERNSHIP

Contributed to the development of a basic event management website using HTML, CSS, and JavaScript.Implemented features such as event listings and registration forms, showcasing fundamental web development skills.

WORKSHOPS

- Workshop on **INTRODUCTION TO EMBEDDED SYSTEM.**
- Workshop on **IMAGE SOLVING ROBORT.**
- Workshop on **WAY TO PRODUCT EXPO.**
- Webinar on **INTRODUCTION TO LABVIEW..**

ADDITIONAL SKILL

- Responsive Web Design
- Basic SEO Principles
- MS-Excel: Data entry, filtering, sorting, charts, and report generation
- Data Handling: Accurate input, validation, and management of large data sets
- Documentation: Organized electronic and paper file systems
- Communication: Clear written and verbal interaction for team collaboration
